UiChemy - Convert Figma to	o WordPress (
Beautiful Shadows	

# 2.2 Activate the Figma plugin by copying the activation key from the POSIMYTH Store and pasting it into the Figma plugin.

•	er Successful	Welcome to UiChemy @
сору	+ paste it here	- Serial Key Activate
UiChemy – Free	XXXXX-XXXX- 24b23k7	A if you are first time user

----

2.3 Once activated, choose a frame and convert it to Elementor. Then, you can download the JSON file and import it into WordPress/Elementor Template.

2.4 Exporting the design to WordPress/Elementor is made easy with a straightforward configuration using the "Live Preview" option.

2.5 Here you need URL and Security Token to set up "Live Preview". (Check Step 3.4)
